BDS (Lond) LDS RCS (Eng)

**I qualified from the Royal London Hospital in 1991 and been in general practice ever since.**

I am currently a Principle/Senior Partner at Ware Dental Care. I enjoy all aspects of general dentistry, especially dealing with anxious patients to ensure a positive dental experience for them. I regularly attend post-graduate courses and seminars to keep abreast of the latest developments. Outside of dentistry I enjoy various outdoor pursuits including mountaineering, trekking and scuba-diving.
